01 • INTRODUCTION

Akontec is a trusted facilitator of high-payout BPO and KPO projects, connecting verified call centres, service partners and entrepreneurs with reliable domestic and international processes. With deep industry relationships and rigorous client vetting, we onboard only those projects that offer dependable cash flow, genuine workload, and long-term scalability.

Our portfolio spans voice support, non-voice backend operations, sales-led campaigns, and specialised processes across e-commerce, logistics, finance, real estate, education, technology, and insurance. Every project is governed by a written agreement, a transparent payout structure, and a defined service-level framework.

Whether you are launching your first centre or scaling an existing operation, Akontec provides end-to-end support — from project selection and demo access through training, infrastructure guidance and go-live — so your business can focus on delivery and growth.

RELIABILITY

Verified clients, signed agreements, audited payouts.

SUPPORT

Training, dialer access, CRM and quality coaching.

SCALABILITY

Add seats, add processes, grow steadily.

02 • PROJECT PORTFOLIO

The portfolio below summarises every active opportunity available through Akontec. Projects are grouped by region, with key commercial terms shown in compact comparison tables. Every project includes complete training, demo access, ongoing operational support and quality monitoring as standard.

★ **HIGH PAYOUT** — Look for this badge to identify processes with the strongest revenue per seat or per file across the portfolio.

Domestic Projects

INR-denominated processes for centres and partners operating across India. Payouts are per seat per month unless otherwise indicated.

Project Duration	Typically 12 months, renewable. Pilot batches of 60–90 days available for select processes.
Payment Cycle	15-day or monthly billing cycle, post quality verification, against signed SLA.
Skill Requirement	Voice: clear communication, accent neutrality, basic computer literacy. Non-Voice: typing speed, attention to detail, MS-Office/CRM familiarity.
Support Provided	Process training, demo access, dialer / CRM setup guidance, quality framework, escalation desk and ongoing operational support.
Quality & SLA	Defined accuracy, AHT and CSAT targets per project; live audits and weekly reviews.

03 • TOP PERFORMING PROJECTS

Across the portfolio, the following five processes consistently deliver the strongest revenue per seat and the lowest payment-cycle risk. Each is a high-payout project with active client demand and proven scalability for centres ready to invest in quality.

TOP
01

Insurance Sales & Claims Support ★ HIGH PAYOUT

Region: International (USD) **Payout:** \$800 – \$1,500 / seat / month

Highest gross payout per seat in the portfolio. Combines policy enquiries, customer onboarding, and claims-side documentation — long client engagements with stable monthly billing make this the flagship pick for established centres.

TOP
02

Tech Support & Troubleshooting ★ HIGH PAYOUT

Region: International (USD) **Payout:** \$700 – \$1,200 / seat / month

Premium voice process with strong upsell potential. Recurring tickets and product-usage guidance translate to consistent agent occupancy and predictable monthly revenue.

TOP
03

LegalZoom Sales & Customer Support ★ HIGH PAYOUT

Region: International (USD) **Payout:** \$80 – \$120 per upsale

Pure performance-based payout — highly skilled tele-sales teams routinely outperform fixed-monthly equivalents. Best suited to centres with strong outbound conversion talent.

TOP

04

Brand Startups Support ★ HIGH PAYOUT**Region:** Domestic (INR) **Payout:** ₹30,000 – ₹40,000 + incentives

Top-paying domestic process. A blended customer-and-business workflow with multi-skill agents commanding the highest fixed seat payout in the INR portfolio, plus performance incentives on top.

TOP

05

Realty Investment Process ★ HIGH PAYOUT**Region:** Domestic (INR) **Payout:** ₹20,000 – ₹40,000 + incentives

Wide payout band rewards conversion-focused teams. Real-estate lead handling pairs base-seat economics with incentive uplift on every closed enquiry — strong upside for centres comfortable with sales-led KPIs.

04 • WHY CHOOSE AKONTEC

Akontec is built around the operational realities of running a service centre. Every element of our partnership is designed to remove friction, protect your cash flow and let you scale with confidence.

Strong Onboarding Support

Dedicated onboarding manager, structured agreement, infrastructure checklist and pilot-batch path for every project — so you go live without guesswork.

Verified, Vetted Projects

Each project is screened for genuine workload, client legitimacy, and payout reliability before it is offered to partners.

Transparent Payment System

Defined billing cycles (15-day or monthly), payouts post quality check, and full visibility into accuracy and SLA metrics that drive your invoice.

End-to-End Assistance

From process selection and demo access to training, dialer / CRM setup, and ongoing operational support — one partner across the full lifecycle.

05 • ONBOARDING PROCESS

A clear four-step path from first conversation to live operation. Most centres complete the journey in two to three weeks.

1 AGREEMENT Project selection, commercial terms and signed engagement letter.	2 SETUP Workstation, dialer/CRM provisioning and infrastructure verification.	3 TRAINING Process briefing, mock calls / demo access and quality calibration.	4 GO LIVE Pilot batch, ramp-up support and handover to ongoing operations desk.
